Description

Amazon Recruitment 2023

As a Front End Developer at our company, you will be responsible for creating and implementing the web interfaces that our customers use. You will work with a team of developers to create high quality and performant code that meets the latest design trends.

Amazon Work From Home Jobs

Additionally, you will be responsible for troubleshooting and correcting defects in existing code. In order to be successful in this role, you should have a strong understanding of front-end development principles as well as experience with HTML, CSS, and JavaScript.
