Job Description

We are looking for a Computer Technician for a work-from-home job at LIC. As a Computer Technician, you will handle computer repairs, troubleshoot issues, and ensure all systems run smoothly. This is a full-time remote position with excellent pay.

Responsibilities:

1. Troubleshoot computer problems and offer solutions.
2. Install and configure hardware and software.
3. Maintain and update computer systems.
4. Assist in network support and connectivity issues.
5. Provide tech support to staff and users.
6. Manage software installations and updates.
7. Test computer systems for functionality.
8. Monitor systems for errors and failures.
9. Maintain inventory of computer equipment.
10. Perform regular system backups and updates.

(adsbygoogle = window.adsbygoogle || []).push({}); **Skills:**

1. Basic computer skills.
2. Good knowledge of hardware components.
3. Strong troubleshooting abilities.
4. Knowledge of software and system installation.
5. Ability to work independently.
6. Communication skills to work with teams remotely.
7. Time management skills to meet deadlines.
8. Problem-solving skills.
9. Ability to handle sensitive information.
10. Ability to adapt to new technologies.

Qualifications:

1. 10th Pass, 12th Pass, or Graduates.
2. Basic computer and technical knowledge.
3. Good written and spoken communication.
4. Certification in computer-related fields is a plus.
5. Must be comfortable with remote working tools.

Experience:

1. Freshers and Experienced candidates can apply.
2. Previous experience in computer maintenance or IT support is a plus.
3. Knowledge of troubleshooting techniques is preferred.
4. Prior experience in handling remote support is an advantage.
