### Description

## Meesho Jobs in India

### Data Analyst

#### Job Description

Meesho is looking for a Data Analyst to join our team in Basani, Uttar Pradesh. The ideal candidate will be a highly motivated and detail-oriented individual with a passion for data analysis. The Data Analyst will be responsible for collecting, analyzing, and interpreting data to help the company make better decisions.

#### Responsibilities

- Collect and analyze data from a variety of sources, including internal systems, external databases, and social media.
- Develop and implement data analysis models to identify trends and patterns.
- Communicate data findings to stakeholders in a clear and concise manner.
- Provide recommendations for business improvement based on data analysis findings.

(adsbygoogle = window.adsbygoogle || []).push({});

#### Skills

- Strong data analysis skills, including proficiency in SQL, Python, and other data analysis tools.

- Excellent problem-solving and analytical skills.
- Excellent communication and presentation skills.
- Ability to work independently and as part of a team.

### Qualifications

- Bachelor's degree in statistics, mathematics, computer science, or a related field.
- 1-2 years of experience in data analysis.
- Strong data analysis skills, including proficiency in SQL, Python, and other data analysis tools.
- Excellent problem-solving and analytical skills.
