Patanjali Careers

Responsibilities:

- Responsibilities:
  - Assist in implementing and maintaining quality control procedures and standards.
  - Conduct inspections and tests on incoming raw materials, intermediate products, and finished goods to ensure compliance with quality specifications.
  - Collect and analyze samples, recording and reporting any deviations or non-conformities.

- Assist in the development and execution of quality control plans and procedures.
- Monitor production processes to ensure adherence to quality standards and make recommendations for improvements.
- Collaborate with cross-functional teams to resolve quality-related issues and implement corrective actions.
- Maintain accurate and up-to-date quality control documentation, including test reports, inspection records, and non-conformance reports.
- Participate in the investigation of customer complaints or product recalls, identifying root causes and implementing preventive measures.
- Conduct internal audits to assess compliance with quality control procedures and regulatory requirements.
- Assist in training and educating staff on quality control procedures and best practices.
- Stay updated with industry trends, regulations, and advancements in quality control practices.
- Support continuous improvement initiatives to enhance product quality and operational efficiency.
- Adhere to safety guidelines and promote a safe working environment.
