Tata Steel Careers

Responsibilities:

- Oversee and coordinate the day-to-day activities of a designated area or department within Tata Steel.
- Ensure adherence to safety protocols and promote a culture of safety among team members.
- Assign tasks and responsibilities to team members and monitor their progress to ensure timely and efficient completion of work.
- Provide guidance, support, and training to team members, helping them

develop their skills and knowledge.

- Monitor the performance of team members, provide constructive feedback, and implement corrective actions when necessary.
- Collaborate with other supervisors and department heads to optimize workflow and achieve operational targets.
- Maintain accurate records of production, quality, and other relevant data, and prepare reports as required.
- Identify areas for process improvement and implement effective measures to enhance productivity and efficiency.
- Resolve any issues or conflicts that may arise within the team, fostering a positive and cooperative work environment.
- Ensure compliance with company policies, procedures, and quality standards.
- Stay updated with industry trends, technological advancements, and best practices related to the assigned area of responsibility.
- Support and promote continuous improvement initiatives within the organization.
- Foster a culture of teamwork, open communication, and continuous learning among team members.
